

TCM Forklift Part

TCM Forklift Part - Forklift trucks are a major player in the material handling field of every international trade. Transporting industrial goods occurs every day on our industrious planet. First innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity after World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread globally.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply known as TCM Corporation. Throughout the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation in the business. TCM began constructing forklift manufacturing sites outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures numerous models of industrial trucks with over 50 years of accumulated expertise and technology, making their products used and recognized all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
