

Rockwell Part

Rockwell Part - AxleTech International is a premier supplier in the globe of specialty vehicle drive-train systems and components along with off highway vehicles. The company prides itself on being its customers' chosen supplier. AxleTech strives to meet and exceed their clients' expectations for service, technology, delivery and quality. They believe in working in an environment that encourages the highest integrity with empowered collaboration, along with a unrelenting pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great emphasis on being an environmentally conscious company and providing a safe environment for their workers to work in. What's more, they have applied several programs within the organization to help convey these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with any comments or questions, because they are happy to share and promote this policy with a greater knowledge of their efforts. They are very committed to improving and preserving the natural environment. AxleTech has an EHS program that not just protects the natural environment but which even actively protects their neighbors and staff too.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles utilized for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech particularly designs axles so as to meet particular application demands. They have over 1000 various axle specs within their present offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in many military and commercial applications. They offer complete axle assemblies for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have extra details that can be seen in the "ISAS" product collection.
